

Pacific Southwest REGION

USDA Forest Service - Motorized Recreation

Report to California State Parks OHV Commission
December 12, 2014
Pismo Beach, CA

Presentation

Wet Weather Strategy – Roger Poff, Soil Scientist

The Pacific Southwest Region completed the Wet Weather Strategy grant project. Roger Poff will present the results.

The Aftermath of Wildland Fire and its effects on Recreation & OHV/OSV

General information sharing in a power point about the impacts of fire on recreation, trailheads and trails in California.

Discussion Topics

OHV Ranger Ride & Natural Resource Discussion

The annual agency Ranger Ride organized by Don Amador of Blue Ribbon Coalition and Quiet Warrior Racing was held October 28th through October 30th on the Tahoe National Forest at Sugar Pine Campground/OHV Staging Area outside of Foresthill, CA. Highlights of the week will be shared.

5 Forest OSV NEPA Documents

Sharing information on the progress of the NEPA for Subpart C & the OSV grooming for the Lassen NF, Plumas NF, Tahoe NF, Eldorado NF, and Stanislaus NF as a result of settlement of litigation.

The topics included in this report are generally the result of discussions between the California State Parks OHV Commission Chair Person and the U.S. Forest Service, and/or information relevant to U.S. Forest Service current events that may promote or affect OHV Recreation.

If there are items of interest you would like the USFS to discuss in future meetings that you feel would benefit the knowledge or understand of the OHV Commission, the OHV Division, interested parties, or the statewide program on Forest Service Lands please contact: United States Forest Service, Pacific Southwest Region, Trails, Motorized Recreation & Travel Management Planning Lead – Kathleen Mick at kmick@fs.fed.us or 707-562-8859.
