This OHMVR Commission Program Report is an overarching document that touches on all aspects of California's Off-Highway Vehicle (OHV) recreation program every three years. The report tracks program funding, accomplishments, and resource protection and restoration programs. It also reports on all aspects of the OHV Grants Program, from expenditures, grantees, and progress towards meeting the OHMVR Program mission and strategic plan.

The report shall address the status of the program and off-highway motor vehicle recreation, including all of the following:
