Welcome to the On-line Grants Application (OLGA) for California State Parks' Off-Highway Motor Vehicle Recreation program. OLGA is a web-based application system which aids users throughout the grants process. Move the mouse over the options in the left pane of the home page to view additional details for each option.

If you would like to apply for a grant, and this is your first time to use OLGA, you should click on the "Getting Started" button on the left side of this screen to learn how to register your agency and create a user profile. You will also learn about designating a Project Director, who will coordinate project requests and user accounts for your agency.

If you are a returning user, click on the "EGrAMS (OLGA) Login" button to begin your session.

The purpose of the Grants program is to provide for well managed OHV Recreation by providing financial assistance to eligible agencies and organizations that develop, maintain, operate, expand, support, or contribute to well managed, high-quality, OHV Recreation areas, roads, and trails, and to responsibly maintain the wildlife, soils, and habitat of Project Areas in a manner that will sustain long-term OHV Recreation.

If you have any technical difficulties accessing the application, please contact the OHMVR Division at (916) 324-4442 or at [ohvinfo@parks.ca.gov](mailto:ohvinfo@parks.ca.gov). Please include your full name and complete telephone number (with area code).
